

European Society of Gastrointestinal Endoscopy

CSG/ESGE dual membership

June, 2015

Dear CSG member

As of 2016, the cooperation between CSG and the European Society of Gastrointestinal Endoscopy (ESGE) will increase to include dual membership. CSG members who are interested in taking advantage of the benefits of ESGE membership will now be able to join ESGE (or renew if you are member of ESGE already) at € 150 per year.

Through ESGE individual membership, you will have the opportunity to take advantage of ESGE educational offers, a selection of which can be seen below:

- Substantially reduced registration fee for ESGE organized events (e.g. Quality in Endoscopy symposia: www.quality-in-Endoscopy.org)
- 20% registration fee reduction to ESGE sponsored and endorsed events (approximately 25 per year around the globe)
- Subscription to the journal *Endoscopy* (online and print version)
- Access to the Members Area of ESGE website where ESGE eLearning teaching material can be viewed free of charge
- Access to ESGE teaching material on the UEG portal free of charge for the duration of the mutual agreement with UEG
- Eligibility for ESGE Fellowship grants: Application available to fully trained endoscopists under 40 years of age. This program includes not only basic training but also hands-on training at ESGE host units
- Eligibility for ESGE Research grant applications (presently two ESGE research grants per year)
- ESGE Research activities: Members are encouraged to take part in research projects
- ESGE Guidelines: Members are regularly updated on ongoing guidelines and those interested are encouraged to be actively involved
- ESGE membership certificate

We hope you find this offer attractive and look forward to a productive cooperation with you.

Best regards

Thierry Ponchon
ESGE President Elect
